

How to Use The Visual Non-Glossary

1. Go to www.thevisualnonglossary.com and log in.

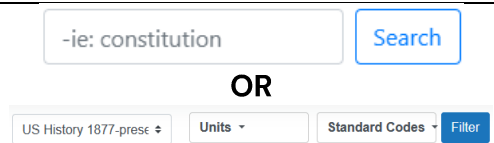

The Visual Non-Glossary

LOG IN SIGN UP

2. Click on the link for your **subject area** at the top.

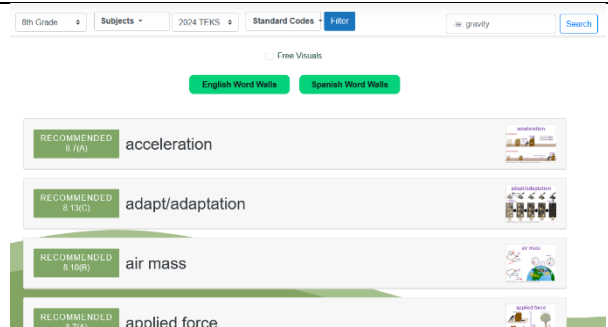

3. To search for a word, either:
 - a. Type a word into the search box and click **Search**, OR
 - b. Select a **Grade Level** and then filter by **Standard**.

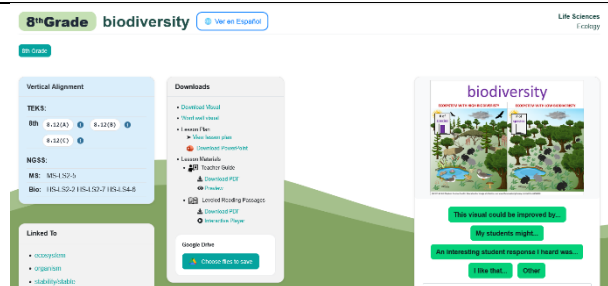

4. All words meeting your filter or search criteria will appear. Click on a word to view the visual and lesson materials.

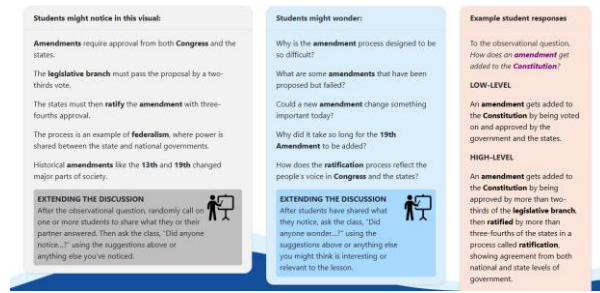

*Note: lessons that are recommended for specific standards will appear first with a green **RECOMMENDED** box.

5. A landing page will load. From here you can:
 - a. View or copy the visual by **clicking on the thumbnail**.
 - b. View or download a lesson by click on **View lesson plan, Choose files to save** (for Google Drive), or **Download PowerPoint**.
 - c. See the standards at which this word appears and at all grade levels in the **Vertical Alignment** section.
 - d. See all content in Spanish by clicking **Ver en Español** next to the header.
 - e. See different versions of the visual by clicking the available grade levels underneath the header.

6. RECOMMENDED lessons will also include:
- What students might notice** in the visual
 - What students might wonder** about in the visual
 - An example **high-level and low-level response** to the observational question

This can help how you respond to students. For example, you might ask the class, "Did anyone notice... Did you wonder about...?"

7. RECOMMENDED lessons will also include **reading passages aligned to the visual and differentiated for multiple grade levels**. There will always be:
- One reading passage on grade level
 - One reading passage below grade level
 - One reading passage above grade level.

below grade level

on grade level

above grade level

*Note: look at the shapes in the top-left corner of the reading passages to see which passage corresponds to each reading level.
